

# Kaneb Center

for Teaching and Learning

Supporting the  
pursuit of

Teaching  
Excellence...

Programs and Services

TO PURSUE ANY OF THE FOLLOWING PROGRAMS OR SERVICES  
CONTACT US AT [KANEB@ND.EDU](mailto:KANEB@ND.EDU) OR 574-631-9146.

## **Collaborative Teaching Reflection**

This service includes a videotape of a class session, an observation of a different class session by our staff, and review of the syllabus and other course materials. We then schedule a consultation to discuss what is working well and identify opportunities for improvement.

## **Consultations**

Schedule a consultation to discuss your course, teaching methods, assessment strategies, Course Instructor Feedback (CIF) results, or to consider integration of technology. Consultations are confidential.

## **Events**

Our interactive workshops, panels, and guest presentations explore a variety of teaching and learning related topics. Session topics include Keeping Students Engaged in Class, Promoting Critical Thinking in the Classroom, Creating Inclusive Learning Environments, and Teaching Well Using Technology. For current event information visit [kaneb.nd.edu/events](http://kaneb.nd.edu/events).

## **Faculty & TA Lounge – 350 DeBartolo Hall**

The university teaching community is invited to enjoy a space that includes computer workstations and complimentary beverages.

## **Learning Outcomes Assessment**

We offer support for planning and implementing effective assessment strategies at the course and program level and for educational outreach components associated with grants.

*...by stimulating scholarly reflection and conversation about teaching*

## **Learning Technology Lab (LTL) – 350 DeBartolo Hall**

Schedule a consultation to help you identify and integrate technology into a course. The lab maintains up-to-date computers and multimedia equipment that our consultants and student assistants use in developing materials for instructors.

## **Library – 353 DeBartolo Hall**

Over 1,000 items are available for loan from our library. You can search the collection using the Hesburgh Libraries' online catalogue.

## **ND ePortfolio Engagement Program (nDEEP)**

We administer and lead the University's ePortfolio Initiative to provide a platform, support resources, and expertise to serve college, program, and course level implementations. Through assessment planning, instructional design, and training consultations we strive to promote integrative and engaged learning and authentic assessment.

## **Reading Groups**

You are invited to form a small group to read and discuss a book related to teaching and learning in higher education. We purchase the books and the group arranges discussion meetings and submits a short summary of the group's impressions of the book.

## **Scholarship of Teaching & Learning (SoTL)**

SoTL is a scholarly approach to excellent teaching. We provide support to instructors who want to conduct a formal investigation of the impact of pedagogical choices on student learning outcomes.

**FOR MORE INFORMATION, VISIT [KANE.B.ND.EDU](http://KANE.B.ND.EDU).**

## 2017-18 Faculty Fellows

Each year, exemplary teachers are selected to share strategies, insights, and techniques that have made them award-winning teachers.
