

iRubric in Sakai 11

- overview -

iRubric™

Prepare a Sakai Gradebook item

Create an item in Sakai's Gradebook.

Check the options **Include in Grade** and **Release Scores**.

OR

Create an Assignment.

Set the **Grade Scale** to **Points** and check **Add Assignment to Gradebook**.

Set up iRubric for the course

- Add the tool: Site Info (left nav menu) > Manage Tools (tab) > iRubric (checkbox) > Continue (button)
- Access iRubric using the left hand navigation menu.
- Under the "Permissions" tab, turn on the "Grades" for all roles.

Create a rubric

- Create a rubric ("Build an iRubric" tab)
 1. By option A, click Start
 2. Enter your information in the boxes. Add or remove columns or rows as needed. Use **Advanced Criteria** to weight rows as well as columns
 3. To test a rubric, save it as "Ready to use"
- Attach the rubric to the grade - "Grades" tab, paperclip icon

Grade the students' work

From iRubric's "Grades" tab:

1. Collect and grade student work (checkerboard icon)
2. Send the grades from iRubric to Sakai (Refresh icon)
